Those to whom this book is sent, should they have no further use for it, will confer a favour by passing it on to others.

Manufacturers cannot possibly find a better or cheaper method of introducing their goods to the public or of keeping them before their notice, than by making an exhibit at this Fair, which will be attended by a large number of visitors from all parts of the Northwest Territories, British Columbia, Manitoba and Eastern Canada.

A multitude of interesting special attractions will be presented each day of the Exhibition.

For list of special attractions see Official Programme which will be published later.

Yorkton	F. K. Herchmer	Yorkton, Assa.

THE COMMITTEES.

THE ADVISORY BOARD, comprising the Mayors, Reeves, and Chairmen of Municipalities, appointed for purposes of consultation prior to the Exhibition, will act with His Honour the Lieutenant Governor in perfecting organization during the Fair.

THE HONORARY COMMITTEE for the Territories includes members representing the Provisional Districts in the Senate and House of Commons and the Electoral Districts in the Territorial Assembly.

THE EXECUTIVE BOARD OF REFERENCE includes leading agriculturists, commercial representatives and stock raisers. These will confer with Judges in various classes, should any difference of opinion arise, or questions affecting prize decisions require consideration.

TO INTENDING EXHIBITORS AND VISITORS.

Applications for entry forms other than those included in this volume, should be made to Mr. R. B. Gordon, the official secretary at Regina. Applications for space, information as to exhibits and subjects of a like nature should be made to Mr. J. K. Strachan, superintendent of exhibits, Regina. All remittances for entry and all forms of entry should be addressed to Mr. J. C. Pope, accountant, Regina.

Reception Committees will be appointed to look after visitors, to see that accommodation is found for them, and to give any information required. When trains arrive they will be met by residents of Regina, in order that strangers may receive attention. An office will be opened at the Canadian Pacific Railway station where visitors will find members of the Reception Committee.

SPECIAL RAILWAY EXCURSION RATES TO THE EXHIBITION.

The following is a list of special passenger rates on the various railways which will be in force during the time of the Exhibition. For further particulars see Railway posters or apply to any Station Agent. The rates given below are in all cases for the double journey to Regina and return. These tickets will hold good for one week after the Exhibition. In many cases they are considerably lower than the ordinary one way fare:—

FARMERS' SPECIAL EXCURSIONS.

Farmers' Excursion rates will be put in by the Canadian Pacific Railway at a date to enable eastern people to visit Winnipeg during the Industrial Fair there. Those having return tickets to Winnipeg only will be ticketed to Regina, and return to Winnipeg, at the difference between the round trip rate to Winnipeg and the round trip rate to Regina. Parties desiring to visit other points in the Territories after visiting Regina can proceed to Calgary, Edmonton, Prince Albert and other points and return for the difference as between the round trip rate to Regina and the round trip rate to Calgary, Edmonton or Prince Albert, as the case may be.

Cheap Excursions will be run from all stations in Canada on the Ontario and Quebec and Eastern Divisions, Onaping, Sault Ste. Marie and East, and Windsor and East, and from all stations in Canada on the Atlantic Division and in the Maritime Provinces, at the rates shown below :

	\$	cts.		\$	cts.
Deloraine and return....	28	00	Moose Jaw and return...	30	00
Reston "	28	00	Yorkton "	30	00
Estevan "	28	00	Prince Albert "	35	00
Moosomin "	28	00	Calgary "	35	00
Binscarth "	28	00	Red Deer "	40	00
Regina "	30	00	Edmonton "	40	00

The tickets are Colonist Class, good for two months from date stamped thereon.

PRAIRIE FIRE GUARD.

SPECIAL PRIZE FOR PRAIRIE FIRE EXTINGUISHER, \$500.00.

(Offered by the Executive Committee of the North-west Territories.)

FOR PRAIRIE FIRE EXTINGUISHING MACHINE.—Material consumed not to exceed \$5.00 a day. To be easily managed by not more than two men and drawn by three and not more than four horses.

The machine to be capable of constructing a guard eight feet wide and fifteen miles long each day.

The capabilities and efficiency of the machine to be determined by a board of examiners to be appointed for the purpose. The prize will only be awarded on the report of the Board of Examiners that the machine fulfils all the conditions required.

To be supplemented by such additional amount, if any, as the Executive Committee of the Territories may, after consideration, deem the invention entitled to.

SPECIAL PRIZE ESSAYS.

The following Prizes are offered for brief essays on the subjects specified:

- | | |
|---|---------|
| Sec. 1. On "Irrigation as applicable to certain districts in the Territories." | \$20 00 |
| Sec. 2. On "How best to destroy the Gopher pest." | 20 00 |
| Sec. 3. On "Dairy products and cheese making." | 20 00 |
| Sec. 4. On "Hog raising and ham and bacon curing." | 20 00 |
| Sec. 5. On "How to make the farm pay"
(Essays on this subject must include opinions upon the subject of when best to sow, and the best system of fallowing.) | 20 00 |
| Sec. 6. On "The North-west as a home for the Immigrant." | 20 00 |

Essays, except as regards section 6, not to be more than twelve hundred words in length. Each competitor to mark on his envelope one title corresponding with his proper address and assumed title, which should be sealed and inclosed with his essay. All papers must be received by the 20th July, addressed to His Honour Lieutenant Governor Mackintosh, Regina, marked "Essay Competition."

Competitors writing upon "How to make the farm pay," are reminded that composition alone will not be considered. The contributions should include opinions upon how best a farmer can supply his own wants; what stock he would require to start with; what his family can do to assist him; the dangers of debt incurred personally as well as by ratepayers in municipalities.

During the Exhibition Travelling Dairies from the Department of Agriculture will be present.

SPECIAL ATTRACTIONS.

During the progress of the Exhibition a very entertaining programme of athletic, field and other sports characteristic of North-west life will be furnished, including:

TUESDAY, July 30th....	Indian Polo tournament. Indian games and horse racing.
WEDNESDAY, July 31st.	Broncho-breaking tournament. Steer roping tournament.
THURSDAY, August 1st.	Mounted Police tournament. Trap shooting tournament.
FRIDAY, August 2nd....	Bicycle tournament. Polo tournament.
SATURDAY, August 3rd.	Football tournament. Cricket tournament. Tennis tournament.
MONDAY, August 5th....	Red River dance tournament. Horse speeding tournament.
TUESDAY, August 6th...	Highland sports and games.
WEDNESDAY, Augt. 7th.	Horse racing tournament.

These are only a few of the principal attractions. Seven bands of music, bag-pipe performances, military manœuvres, and a score of interesting spectacular and acrobatic performances will appear upon the official programme of special attractions.

GENERAL ATTRACTION PROGRAMME.

Begin at 2 p. m. and 8 p. m. every day.

There will be an interesting programme every afternoon and evening during the Exhibition, including the following in addition to special attractions to be published in official form according to dates to be hereafter decided upon, when the attraction programme will be issued :

RULES AND REGULATIONS.

Exhibitors will please read the following rules carefully and send in their entries as early as possible, and be sure that all fees accompany the same. Even though not sending the entry or fee at the time, intending exhibitors will find it to their advantage to forthwith notify the management as to the probable approximate estimate of their exhibits.

Any gentleman who does not require this prize catalogue will please hand it to some neighbour likely to be interested.

ADMISSION TO THE GROUNDS.

The price of admission for adults will be twenty-five cents each time of entering, and for children under fourteen years of age, 10 cents. The admission will be by means of registering turnstiles, **and each person should endeavour to be provided with the proper ticket or change before entering.** On Tuesday, July 30th, children under ten years of age will be admitted free, if accompanying their parents, guardians or teachers.

Necessary attendants upon stock or machinery will be furnished with special passes on applying at the office on the grounds. These passes will bear the names of the persons to whom they are issued, and if presented by any other person will positively be forfeited. They will only admit the holders twice each day before 6 p. m., and once each evening after 6 p. m. If more than one attendant is required, additional tickets may be obtained when the necessity of such is made apparent.

No attendant's ticket will be issued to any exhibitor whose entrance fees amount to less than one dollar, but such exhibitor may purchase an "exhibitor's" ticket at reduced prices.

One exhibitor's ticket, admitting an exhibitor only once each day and once each evening, as above, and positively not trans-

ferable, may be purchased by an individual exhibiting, and if a firm, by any member thereof, at the office of the association on the grounds, at the following rates, viz. : For the whole Exhibition \$1.00 ; and for day and evening 25 cents. Exhibitors paying entrance fees of \$3.00 and over, one ticket free.

Judges and members of the press will be furnished with tickets and badges, the latter being intended only as a means of showing their official connection with the Exhibition.

The entry ticket upon animals or articles will admit the person bringing them to the show grounds for exhibition, along with such animals or articles on their first entering, without the use of any other ticket ; but afterwards such **parties must be provided with regular passes or tickets as above, or they will have to pay the regular admission fee.**

ENTRIES.

All entries must be made on the printed forms accompanying the prize list. These forms are to be filled up and signed by the exhibitor and sent to the Accountant, J. C. Pope, Regina, N. W. T., on or before the 18th J ly. It will be considered a favour if any intending exhibitor could send an approximate estimate of his exhibits by the 30th of June, 1895.

The entrance fee must in all cases be forwarded with the entry. No entry will be accepted until this is done. Fees should be sent by money order or in bills in registered letters.

Exhibitors will please take notice that it is absolutely required that the entries be made on or before the date above mentioned, in order to afford sufficient time to examine the entry papers, to correspond with parties when necessary and for the correction of errors and omissions. The entry tickets will be obtained at the office on the grounds, when the exhibits are brought in. Goods shown for advertising purposes must be shown separately and altogether apart from goods entered in competition.

In the Horse, Cattle, Sheep, Pigs and Poultry classes, the entry must in every instance be made in the name of the *bona fide* owner, and unless this rule be observed, no premium will be awarded, or, if awarded, will be withheld. If any person shall exhibit any animal or bird of which he is not the *bona fide* owner, he will forfeit any premium which may be awarded him and be precluded from exhibiting in the future.

In all the other classes, entries must be made in the names of the producers or manufacturers only and by such producers themselves, in person or their agents, who must have special authority for so doing, and shall produce the authority in writing, if so required by the Judges. Those who are not manufacturers or authorized agents may exhibit, but cannot compete for the prizes offered. If any person, other than the authorized agent, shall enter an article for competition as produced or manufactured by himself, when it has not really been so, he shall forfeit any premium which may be awarded the article and be precluded from exhibiting in the future.

A merchant who sells a line of goods also sold by other merchants cannot be considered as an agent for such goods.

No person will be allowed to enter for exhibition more than one specimen in any one section of a class, unless the additional article be a distinct named variety or pattern from the first. This rule not to apply to animals, but to all kinds of grain, vegetables, produce, fruit, manufactured articles, etc., in which each additional specimen would necessarily be precisely similar to the first.

Extra Entries.—Every article must be entered under some one of the headings in the regular list when possible; but if any article is of a distinct character from anything specified in the list, it may be entered in the class with which it most nearly corresponds.

For each animal or article a card will be furnished the Exhibitor, specifying the class, the section and the number of the entry, **which card must remain attached to the animal or article during the Exhibition.**

In all cases the right is reserved to reject entirely or accept conditionally any entry or application; and under no circumstances will articles which are offensive by reason of their odour or appearance, or which are dangerous by reason of their combustible or explosive character, be admitted; and if any such be introduced by any exhibitor through misapprehension or otherwise, they may be removed by order of the Management.

Exhibitors must, when required by the Executive Board of Reference, make a statutory declaration that articles exhibited by them are exhibited in accordance with the rules and regulations; and in case any exhibitor refuses to make such declaration on being requested, all premiums awarded him shall be forfeited.

ENTRANCE FEES.

Stallions, 3 years old or over, each entry	\$1.00
All other horses, over one year "	50
All other horses, one year and under, each entry	25
Bulls, 3 years old or over "	50
Other cattle, over one year "	25
Cattle, one year and under "	25
Sheep per head, 20cts. up to 5 head, over that number 10cts. per head.	
Pigs same as sheep.	
Poultry, including coops, feed and attendance, per pair.	20
Poultry, breeding pens	30
Rabbits, including coops, feed and attendance, per pair	20
Dairy products, entry for each section	25
Grains, flour, etc., each entry	20
Field roots, first five entries, lot	25
Field roots, over five entries, lot	50
Garden vegetables, same as field roots.	
Plants and flowers, same as field roots.	
Fruits, preserves and pickles, same as field roots.	
Ladies' work, same as field roots.	
Bees and honey, each entry	20
Manufactures of North-west Territories or Manitoba, each entry.	20
Domestic manufactures	10
Leather and leather goods	25
Preserved meats and fish	25
Fine arts	20
Natural history, etc.	20
School exhibits.	Free.

There are no charges for space, except in special cases where extra advantages for advertising purposes may have been applied for.

Applications for space for the exhibit of all classes of manufactures should be made to J. H. Strachan, Superintendent of Exhibits at Regina, as early as possible. Space will be allotted according to order of application up to the 18th July, after which date it will be allotted according to the extent previously undisposed of.

On and after the 22nd July, exhibitors, their agents and workmen will be admitted to the grounds and buildings for the purpose of making preparatory structures or getting machinery and implements into position.

DELIVERY OF LIVE STOCK AND ARTICLES AT GROUNDS.

The Railway Companies will carry exhibits free on their lines in Alberta, Saskatchewan, Assiniboia and Manitoba.

Exhibitors will pay the full rates on their exhibits into Regina obtaining full receipt for same; then, when the Exhibits are handed back to the Railway Companies by the person to whom they are consigned in Regina, and reshipped back to the original station consigned to the original shipper, the Companies will refund the inwards freight and bill them back free.

If a portion of the Exhibit should be disposed of at the Fair, and the balance of it returned to the original shipper at the original station, the Companies retain their freight charges on what has been sold and refund on the portion that has been returned to them and send back free.

Drivers, expressmen and others desirous of conveying articles or passengers to and from the grounds, will hand their names and rates into the reception committee, and if found over-charging will be deprived of the badge entitling them to act under the supervision or responsibility of the Management.

All exhibits except Live Stock and Dairy products must be in the grounds and in position not later than 9 a. m., Monday, July 29th. All live stock and dairy products must be on the grounds not later than 10 a. m., Tuesday, 30th July, and positively no stock will be admitted after that time.

Special Notice.—As it is intended to have the Exhibition fully open to the public at the time named, exhibitors are specially notified that articles or animals arriving after the above times will not be allowed to compete. Exhibitors of machinery and other heavy articles are requested to have them on the grounds and placed in position during the week preceding the opening of the Exhibition.

All boxes, wrappings and other packing material must be cleared away and everything be in proper order before 10 a. m., Tuesday, July 30th.

Exhibitors must provide for the delivery of their articles upon the Exhibition Grounds. The committees cannot in any case make provision for their transportation, or be subjected to any expense therefor, either on their delivery at or return from the grounds, although a committee will be appointed to expedite such work. All expenses connected therewith must be provided for by the exhibitors themselves, and all express and cartage charges must have been prepaid. The committees will, however, at all times assist in seeing that no exorbitant prices are charged for any service.

Articles not accompanied by their owners may be addressed to the Superintendent of Exhibits who will receive them on their being delivered at the grounds; but in no case will such articles be brought on the grounds and placed on exhibition except by and at the expense of the owners or their authorized agents.

Exhibitors on arriving with their articles will apply at the office of the Superintendent of Exhibits at the main entrance, when they will be informed where the articles are to be placed.

Exhibitors should at all times give the necessary personal attention to whatever they have on exhibition and at the close take entire charge of the same.

Articles placed on exhibition must not be removed until the close, except the Fruit, Vegetable and Floral sections, where such removal is necessary to a continuous display.

Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold can be made on the premises during the exhibition, except by special arrangement.

All live stock, before being allowed to enter the grounds, will be subject, (if considered necessary,) to examination by the Veterinarian.

Though the Management will take reasonable precaution to ensure the safety of articles sent to the Exhibition, they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting them; and that should any article be accidentally injured, lost or stolen, the Management will give all the assistance in their power towards the recovery of the same, **but will not make any payment** for the value thereof.

LIVE STOCK.

Buildings will be provided upon the grounds for all live stock. Straw for bedding and water will be furnished for Horses, Cattle, Sheep and Pigs, without charge, from the opening until the close of the Exhibition, so that the stock may be taken to the grounds immediately upon their arrival. Hay and grain for the horses, cattle, sheep and pigs will be for sale on the grounds at lowest prices. Exhibitors will please report at once if unreasonable prices are exacted.

The production of any of the animals may be ordered for review or other purposes, at any time during the Exhibition; and any exhibitor or attendant refusing or neglecting to bring such animal out as directed, shall forfeit his entry fees and any premiums which may have been awarded him.

Stock exhibitors will have an opportunity, if desired, of selling their exhibits at auction on the mornings of August 6th and 7th in the Exhibition Grounds from 10 to 12 o'clock, or as may be otherwise arranged.

Exhibitors will be allowed to remove their Live Stock on the morning of Saturday, the 3rd of August.

RAILWAY FACILITIES.

Exhibits can be unloaded from the railway cars immediately adjoining the grounds, the expense of transhipment thus being avoided.

All articles sent by express will be delivered on the grounds without extra charge by the Express Companies.

PAYMENT OF PRIZES.

The Accountant will be prepared to pay prizes on the grounds as soon as practicable after the awards have been made, and the expiration of the time specified for the lodging of protests.

Parties who may have prizes "in kind" awarded to them are particularly requested to apply to the Accountant or Secretary for them before leaving Regina, or leave a written order with some person to receive them, stating the article for which prizes are claimed. Orders for such prizes will then be given. These orders must be endorsed as they will be payable to order, not to bearer.

Orders for premiums "in kind," not applied for as above will be forwarded by the Accountant after the close of the Exhibition, to the address given on the entry forms.

Exhibitors not applying for prizes awarded them will receive them by mail from the Accountant, but should any exhibitor not receive a cheque for his prize or prizes within one month from the date of the award he must notify the Accountant **at once**, otherwise such prize or prizes will be forfeited.

MEDALS.

Medals will be awarded in lieu of money prizes when desired by exhibitors, subject to approval by the Management. The value of the medals to be equal to the respective money prizes.

JUDGES AND JUDGING.

The Judges will be appointed previous to the Exhibition and will receive a circular informing them of the fact, and when to report at the office on the grounds.

No person will be allowed to act as judge who is in any way interested in the articles to be examined.

Judges in the several departments will meet at the office on the grounds, presenting their circular of appointment at 10 a. m., on Tuesday, July 30th.

Judges will please sign and hand in their list of awards as soon as possible, and make their more extended reports afterwards, making such recommendation as circumstance or their experience may suggest.

The Judges are particularly requested not to leave the grounds until they have ascertained that there are no protests against the awards in the classes they have judged.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the judges will award only such premiums as they think the articles deserving of. **They will exercise their discretion as to whether they will award the first, second or any premium.**

It does not follow that because a prize is offered for any particular animal or article that it must be awarded unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. **The Judges are particularly requested to note this fact.**

Exhibitors winning prizes in the open competition classes will not be eligible to take prizes offered for similar exhibits open **only** to the **North-west Territories.**

In considering the number of prizes won by an exhibitor sweepstakes will not be considered as equal to the first prizes, therefore in awarding the prizes offered to the winner of the greatest number of first prizes in any specified class or classes, sweepstakes will not be considered as first prizes.

In addition to the stated premiums offered for animals or articles enumerated in the list, the judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by tickets with the words "Highly Commended" upon them. These tickets will not entitle the holder to any money payment.

Judges in making their awards are to confine themselves strictly to the classes and sections in the Prize list.

Each award must be written in a plain careful manner on the blank page opposite the number of entry, with the name of the Exhibitor.

Exhibitors can ascertain from the Superintendent of Exhibits when the Judges are to examine their animals or articles. No complaint or appeal, based upon the statement that the Judges have overlooked animals or articles will, therefore, be considered.

Any exhibitor lodging a protest must make it in writing, and it must be delivered to the secretary or his assistant **within five hours of the cause of protest**; it must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$5, which sum shall be forfeited if the said protest is not sustained. It is hoped exhibitors will not enter protests without the strongest grounds for so doing, as much annoyance and unpleasantness is often occasioned by protests of a frivolous nature.

The Judges are expected in the execution of their duties to be careful to act with the most rigid impartiality, and make their entries in a clear and conspicuous manner; in all cases of doubt or difficulty referring freely to the secretary, or to the committee in charge of the department.

No animal or article exhibited shall have about it any prize colours or cards until the awards have been made in their respective classes.

No person shall be permitted in the horse or cattle rings during the time of judging except the judges or assistants, persons in charge of the animals, or such persons as by their offices are so entitled, including members of the press.

All prize cards which have been affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duties, or who shall at any time on the exhibition premises, use any contemptuous or abusive language to any judge in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled and shall thereby waive his right to remain upon the grounds. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception, or dishonest practice, either in the preparation, ownership or of any representation concerning any animal or article exhibited, which may have affected or have been intended to affect the decision of the Judges, the Management have power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not as may be deemed most expedient.

PROCESS OF MANUFACTURE.

It is hoped that manufacturers who are in a position to assist in this feature will send some of the machines used by them in the manufacture of their products, and it is certain that they will be amply repaid for their trouble by the benefits they will receive from such an exhibit.

MISCELLANEOUS.

If any persons through ignorance of the regulations shall bring things to the exhibition without having entered them at the proper time, the same may, in the discretion of the Executive Board of Reference be allowed to be brought upon the grounds and so placed that they may be examined by the public, but shall not be classified, nor shall an official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor, the right is reserved in case any such exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him, or any portion thereof, forfeited. Exhibitors must arrange their exhibits in as neat and attractive a manner as possible, and neatly fill up the space allotted to them, in default of which the Management may cancel their entries and require the removal of their goods.

The right is reserved to prescribe the dimensions and regulate the positions of all signs, and generally to direct the arrangement of articles on exhibition so far as the same may be necessary to secure harmony and an attractive appearance. Exhibitors will not be allowed to distribute about the grounds or buildings, hand-bills or other advertisements that may cause a nuisance. Neat cards for this purpose are recommended, as they are more likely to be kept by visitors and not thrown away.

Caterers supplying refreshments must lay in their supplies before 9 o'clock a. m., unless under special unavoidable circumstances, when permission must be obtained from the Secretary or Superintendent of Exhibits.

Visitors to the exhibition bringing tents will have suitable space allotted to them adjacent to the exhibition grounds and every other possible accommodation.

There will be an Intelligence Bureau on the grounds for the convenience of exhibitors and visitors, where all Territorial, Manitoba and Eastern newspapers will be on file. The Intelligence Bureau Marquee will be distinguishable by a banner.

In case of mislaid articles a register will be kept on the ground in the Main Building for inquirers, and all should sign their name and home addresses therein.

Accommodation at reasonable rates at hotels and private boarding houses can be obtained, and in addition the committees will set apart a plot of ground adjacent to the exhibition buildings, in which sleeping accommodation as well as meals will be provided at reasonable rates.

The members of the several committees will wear distinguishing badges.

No messenger wearing the official badge will be entitled to demand payment for services except from the Management.

The Telegraph, Telephone, Intelligence and General Inquiry offices will be in or adjacent to the Main Building.

Open Marquees with initial letters will be furnished in order that visitors may have a definite place c. meeting.

Railway time tables will be found in the Intelligence Bureau.

Where a party of friends intend visiting the Exhibition they will find it advantageous to write or telegraph, addressed "Advisory Committee," Regina, stating the number coming, and every effort will be made to promote their comfort by providing accommodation. The earlier this is done the more readily will requirements be attended to.

Circulars and cards containing such information as will remove any difficulties visitors are likely to meet with will be distributed on the trains and at railway stations, prior to and during, the Exhibition.

FIRE AND POLICE PROTECTION.

The most thorough and careful arrangements possible are being made to guard against fire. The grounds are connected with the Fire Station by telephone; and with the precautions taken, it is believed the danger of such an occurrence is very remote; but exhibitors

desiring insurance must give the matter their personal attention. An ample police force will be on duty night and day during the continuance of the Exhibition. But exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Management will not be responsible for loss or damage by theft, fire or otherwise. Small and valuable articles should be exhibited in show cases which may be securely locked when desirable.

INQUIRIES

As to the Exhibition and its arrangements before the opening, should be addressed to the Secretary at Regina. During the Exhibition inquiries may be made at the office on the grounds, and every official will, when applied to, either furnish the information sought or refer the question to the proper authority.

THE PRESS.

Members of the press are cordially invited to the Exhibition. Ample accommodation will be provided for them and all necessary information will be promptly furnished. Publishers and Editors are requested to notify His Honour Lieutenant Governor Mackintosh at Regina, N. W. T., two or three weeks previous to the Exhibition of the number and the names of representatives they will have on duty, in order that tickets for them may be forwarded.

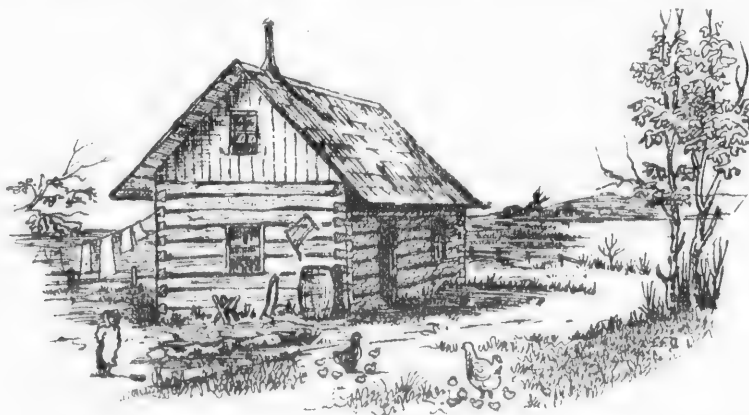

AFTER TWELVE YEARS

PROGRESS OF THE NORTH-WEST TERRITORIES.

Concise information with reference to each Provisional District.

To know the country one visits, to be conversant with its productive capabilities from a farmer's standpoint ; to be conversant with its mineral resources and general productive capacity ; to obtain some practical idea of its geographical configuration, so as to be in a position to single out the ranching sections, the watercourses and the forest belts, there is but one legitimate system, to go and see for yourself. Reading

Progressive Object Lesson—1882.

is one thing, seeing, examining, investigating, conversing, with people upon the spot, are the true things which impart wisdom and beget confidence. The brief sketches which follow are mere frame-work, so to speak, which the reader himself must fill with a picture instinct with natural outlines and robust life. To do this fairly, he must visit the Canadian North-west Territories.

ASSINIBOIA.

The District of Assiniboia lies between the Province of Manitoba and the District of Alberta, and extends north from the International boundary to the 52nd parallel of latitude, and contains an area of thirty-four million acres. Travelling westward on the line of the Canadian Pacific Railway, the district is entered at a point 212 miles west of

Winnipeg. It is divided into two great areas—Eastern and Western Assiniboia—each of which has its own peculiar characteristics, the former being essentially a wheat growing and mixed farming country, and the latter especially adapted for ranching. In both, minerals are found and on the bars of the Saskatchewan River gold mining is profitably carried on.

EASTERN ASSINIBOIA.

There is nothing to mark any difference between Manitoba and Eastern Assiniboia, both being known as the Park country of the Canadian North-west. The general aspect of the country is rolling prairie, dotted over with clumps of trees usually found bordering lakes, streams and meadows; in the hollows grow the heavy luxuriant grasses where the farmer obtains his supply of winter hay. The principal grains grown are wheat and oats. The ordinary yield of wheat is from 20 to 30 bushels to the acre. All kinds of roots, too, are sure crops. The soil is so rich that no fertilizers are necessary, so that in this direction a large amount of time and money is saved. Nowhere can farming be done more easily, and nowhere can the frugal, earnest and industrious man start on a smaller capital.

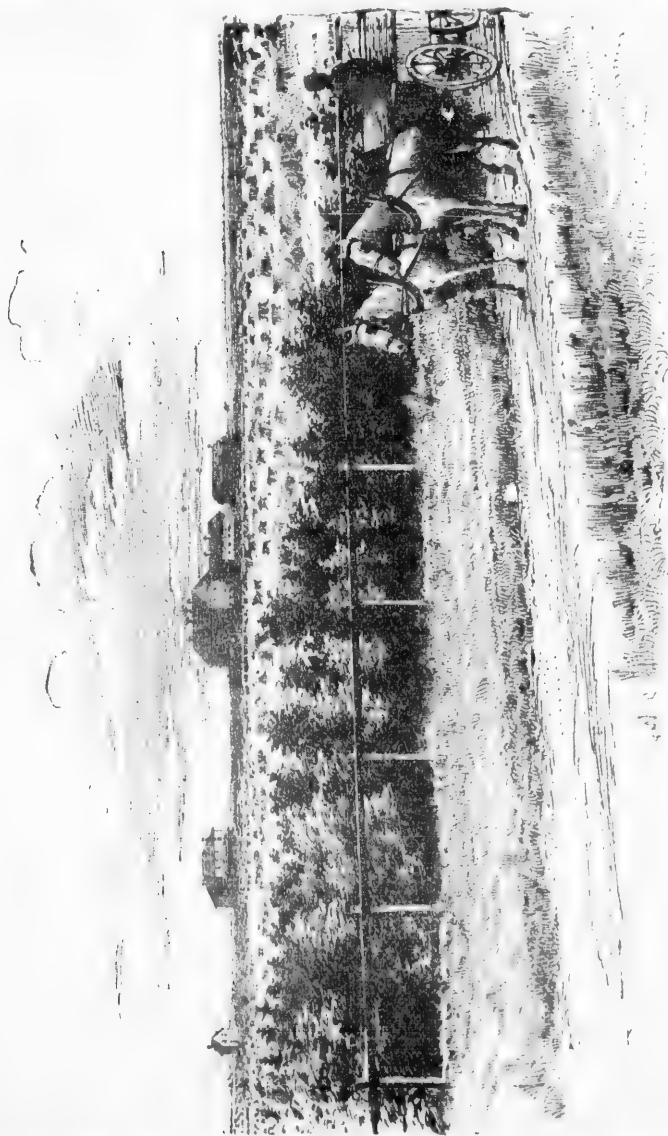

Coal in abundance is found in the south, in the district drained by the Souris River, and there is direct rail connection north-west with the main line of the C.P.R., and eastwardly to points in Manitoba. This district, together with the Province of Manitoba, will one day be one of the greatest wheat-producing sections of the American continent, for the following reasons:—

- 1st—It has a soil particularly rich in the food of wheat plant.
- 2nd—A climate under which the plant comes to maturity with great rapidity.
- 3rd—On account of its northern latitude it receives more sunshine during the period of growth than the country to the south.
- 4th—Absence of rust due to dryness of climate.
- 5th—Absence of insect foes.

These conditions are especially favourable to the growth of the hard flinty wheat of the Scotch Fyfe variety, that is so highly prized by millers all the world over, giving it a value of from 10c. to 25c. a bushel over the softer varieties grown in Europe and the older parts of Canada.

The great bulk of the wheat crop for 1894 reached the highest grade, No. 1 Hard.

As an agricultural district Moosomin is a wonderfully favoured one, lying as it does in the great stretch of the fertile belt. The area

Farm Scene. Indian Head, Assiniboia.

is about 25 miles broad by 72 miles in length, bounded on the east by the Province of Manitoba, on the north by the lovely valley of the

Qu'Appelle River, and to the south by the Pipestone Creek, a perfect paradise for cattle. The soil is generally loam, covered with about 12 to 18 inches of black vegetable mould, which after the second ploughing makes a fine seed bed, easy to work and of the most productive nature. Generally speaking these remarks apply to all the eastern part of the district.

Eastern Assiniboia offers an opening to the poor man if he will work and exercise economy, for after a year or two he finds himself in possession of a home, all his own, free from the harassing conditions of a rented or mortgaged farm.

WESTERN ASSINIBOIA.

The region is fully equal to the Bow River District in Alberta as a stock country. It is everywhere thickly covered with a good growth of nutritious grass which is usually the short, crisp variety, known as "Buffalo Grass," which becomes to all appearance dry about mid-summer, but is still green and growing at the roots and forms excellent pasture both in winter and summer. It is amazing the rapidity with which animals brought from the East, and made poor and emaciated by the long journey by rail, get sleek and fat on the Buffalo grass of the plains. The supply of timber on the hills is considerable. There is also an abundance of fuel of a different kind in the coal seams that are exposed in many of the valleys. Settlers have thus at hand an abundant supply of timber suitable for house logs and fencing, and both coal and wood for fuel.

The Cypress Hills which may be dimly seen in the south from the railway, are especially adapted for stock raising, and as their elevation is sufficient to make general farming an uncertainty, the grass land that nature has so beautifully provided will not likely be disturbed by the plough, thus giving to the farmer on the plains adjoining never failing hay meadows and unlimited pasture ground for his stock. The snow fall is light, the climate is tempered by the Chinook winds, and water and shelter are everywhere abundant.

Great herds of range cattle roam at will all over these seemingly boundless pastures. The profits to the stockmen are large as can be readily imagined when it is shown that \$40 per head is paid for steers on these ranges, animals that cost their owners only the interest on the original investment incurred in stocking the ranch, and their share in the cost of the annual round-ups.

SETTLEMENTS.

The principal settlements are in the district south of Maple Creek, Dunmore and Medicine Hat. Parties in search of land for stock raising are advised to examine the country south-west of Swift Current Station, along the Swift Current Creek, south and west of Gull Lake, south of Maple Creek, the Valley of Mackay Creek that flows north from the Hills and south of Irvine and Dunmore.

Progressive object lesson, 1887.

TOWNS OF ASSINIBOIA.

The principal town of Eastern Assiniboia is Regina, the capital of the North-west Territories. This is a railway centre and an active business place. The Legislature meets at Regina, and it is the headquarters of the Mounted Police, the Indian Department in the Territories and other public offices. A branch line runs north through the Qu'Appelle district and on to Prince Albert, on the North branch of the Saskatchewan. Moosomin, Broadview, Grenfell, Wolseley and Qu'Appelle are other towns in the eastern district, and Fort Qu'Appelle is beautifully situated in the valley of the Qu'Appelle, 18

miles north of the railway. Moose Jaw is another town 42 miles west of Regina. Medicine Hat, on the south branch of the Saskatchewan, is the chief town of Western Assiniboia, and Dunmore is the junction of the branch railway which runs westerly to the extensive coal mines at Lethbridge.

CLIMATE.

The climate of Eastern Assiniboia is much the same as that of Manitoba, but Western Assiniboia feels the effects of the Chinook winds, which come from the Pacific Ocean, and remove much of the snow that falls during two or three months of the year. This circumstance, together with the rich growth of grass, has of late brought parts of Assiniboia into favour with cattle, sheep and horse raisers.

SASKATCHEWAN.

Saskatchewan, lying north of Assiniboia, is the largest of the four provisional districts which were carved out of the territories by the Dominion Parliament in 1882. Its area is 106,700 square miles. In shape it is an oblong parallelogram, which extends from Nelson River, Lake Winnipeg and the western boundary of Manitoba, on the east, to the 112th degree of west longitude on the west, and lies between, or rather, slightly overlaps, the 52nd and the 55th parallels of north latitude. It is almost centrally divided by the main Saskatchewan River, which is altogether within the district, and by its principal branch, the North Saskatchewan, most of whose navigable length lies within its boundaries. It includes in the south a small proportion of the great plains, and in its general superficial features may be described as a mixed prairie and wooded region, abounding in water and natural hay, and well suited by climate and soil for the raising of wheat, horned cattle and sheep. Settlement is at present chiefly in the Prince Albert, Rossetherne, Duck Lake, Shell River, Batoche, Stony Creek, Carlton, Carrot River, Birch Hills, The Forks, St. Laurent, St. Louis de Langevin, and the Battleford districts, in nearly all of which there is a great quantity of the best land open for selection free to homesteaders, *i. e.*, settlers who take up Government land to cultivate and live upon it. In great measure that which may be said of one district applies equally to the other. The crops consist of wheat, oats, barley, and potatoes. Turnips and all kinds of vegetables are raised successfully. Normal yield of wheat (Red Fyfe), about thirty bushels to the acre in favourable seasons; one to one and a half bushels sown to the acre. Oats, about sixty bushels, from three sown

to the acre. Barley has not been grown extensively, there being no demand for any quantity of this cereal in the district, but it has always given a good yield in favourable seasons. There has never been a

Harvesting Wheat in the North-west Territories.

failure of crops. Wild fruits of nearly every variety—strawberry, raspberry, gooseberry, blueberry, high bush cranberry, black currants, etc.—grow in profusion, and small game is plentiful.

TOWNS.

Prince Albert, with a population of 1,600, is the chief town of this territorial division. It is beautifully situated on the south bank of the North Saskatchewan, and is in the centre of an extensive farming district. A branch line runs between it and Regina, and another line from Portage la Prairie, in Manitoba, is in course of construction. It is well supplied with stores, churches, schools, mills, newspapers, etc. Battleford is another well-situated town, on the delta of the Battle River, west of Prince Albert; and Duck Lake, on the railway, forty miles from Prince Albert, and Saskatoon are the other towns.

CLIMATE.

The climate is healthy, bracing and salubrious, and is undoubtedly the finest on earth for constitutionally healthy people, the district is free from endemic and epidemic diseases. Average summer temperature about 60°. The reason of the equability of the temperature in summer has not yet been thoroughly investigated, but the water stretches may be found to account for it. Spring opens about the beginning of April. Seeding is generally completed in May. Third week in August is usually the time when harvest begins. During winter settlers are generally employed in getting out rails for fencing logs for building purposes and fuel, and in attending to cattle and doing work which cannot be undertaken during the busy seasons of spring or summer.

STOCK-RAISING, RANCHING, ETC.

The country is well adapted for stock-raising on a moderate scale such as would be suitable for mixed farming. Cattle must be fed, and should be sheltered, three months to four months every winter. For herds of from 300 to 500 it is unsurpassed. Horses winter out well and can, therefore, be kept in large herds. Sheep require the same care as cattle, and are better in small flocks.

DAIRY FARMING, ETC.

Any portion of this district will answer all the requirements for dairy farming. In and on the slopes of the Eagle Hills or south of the Saskatchewan would be most suitable, owing to the luxuriance of the grass and prevalence of springs. North of the Saskatchewan there is abundance of grass in many places, particularly in the vicinity of

Jackfish and Turtle Mountain. Pure water in abundance everywhere. Nights are cool. The home demand has always been very large, so that dairy products command good prices.

ALBERTA.

The most westerly of the several divisions of the North-west Territories, which extends from the western limits of Assiniboia to the eastern limits of British Columbia, within the range of the Rocky Mountains, is divided into Northern Alberta and Southern Alberta. They are unlike in essential particulars and are therefore occupied by different classes of settlers.

NORTHERN ALBERTA.

This division of the territory contains a large extent of farming land unexcelled for grain and root crops and vegetables by any on the continent of America. Live stock of all kinds is raised extensively, including horses of all grades, from heavy draught to Indian ponies, horned cattle, sheep, pigs and poultry. Native horses do well without stabling all the year round, but superior stock of whatever kind requires good treatment to bring it to its best, when it is most profitable. There is a varied and nutritive pasture during a long season in summer; there is a plentiful supply of hay procurable for winter feeding, and an abundant and universally distributed water supply. There are very few summer or winter storms, and no severe ones. Blizzards and windy storms are unknown. The winter is less severe than that of the districts along the Saskatchewan further east, on account of the Chinook winds. As a consequence, a better class of cattle can be raised more cheaply and with less danger of loss in this district than in some other parts. The advantages which tell so heavily in favour of the district for cattle raising tell as heavily in favour of dairying. There is a large flow of rich milk for a long season, and the quality of the butter made here is unsurpassed. Native fruits—wild strawberries, raspberries, gooseberries, saskatoon and cranberries, cherries, and black currants—grow in profusion almost everywhere, and tobacco is successfully cultivated. The best varieties of grain are raised, and vegetables are profitably grown.

The Macleod and Edmonton Railway, operated by the Canadian Pacific Railway Company, passes through the two divisions from Macleod in the south to Edmonton in the north, affording market facilities at a number of convenient points along the whole distance.

Land of the very best quality is found on both sides of the river, as well as in the neighbourhood of the railway stations, for over a hundred miles south of it. Coal is mined in the banks of the Saskatchewan, and on the bars of the river a small but paying quantity of gold is taken out during the summer and autumn months. A number of settlers after harvest earn from \$2 to \$5 per day washing gold out of the river bottom. Building timber is plentiful and is easily procurable. So good is the reputation that this section of the country enjoys, that settlement was made at a number of points before the railway was complete, and in 1892, when the road was in full operation, a more regular stream of settlement began. There is, however, such ample room for choice of locations that thousands can find room for selection in the free sections. This, however, will not continue to be the case for many years.

SOUTHERN ALBERTA.

Southern Alberta, which forms the extreme south-western corner of the prairie region of Western Canada, stands unrivalled among the stock countries of the world. The country is level, open prairie in the eastern portion, but is much broken along the western side by the foothills of the Rockies. Cattle and horses graze out all the year round. With good management the profits to stockmen are large, \$40 per head being paid for steers this year on the ranges, the animals only costing their owners the interest on the original investment in stocking the ranch and their share of the annual round-up. Though a large portion of Southern Alberta is bare of timber for fuel, this lack is amply compensated for by an inexhaustible supply of coal of excellent quality which crops out at many points along the steep banks of the streams that plentifully water the country.

CHIEF TOWNS.

The principal towns of Alberta are Lethbridge, Macleod, Cardston and Pincher Creek in the south, Calgary in the centre, and Olds, Innisfail, Red Deer, Lacombe, Wetaskiwin, Edmonton, Fort Saskatchewan and St. Albert in the north.

CALGARY is a bright and busy city of about 4,500 population. It is situated at the confluence of the Bow and Elbow Rivers, about seventy miles east of the Rocky Mountains. It is the centre of the ranching districts of Alberta, and supplies many of the smaller mining towns to the west. It is built principally of white stone, and is the junction of the Macleod and Edmonton branches with the main line of

the Canadian Pacific Railway. It is an important station of the Mounted Police, and in a variety of ways does a large and increasing business. It has waterworks, electric light, excellent hotels, several churches and schools and first-class stores.

EDMONTON, on the north bank of the Saskatchewan, is the present market town for the farmers, traders, miners, etc., on the north side of the Saskatchewan, and is a prosperous and well laid out town with a population of nearly 2,000. It is lighted by electricity, and has all the modern adjuncts of thriving towns.

SOUTH EDMONTON, on the south bank of the Saskatchewan, and the present terminus of the Macleod and Edmonton Railway, is another rising centre where good hotel accommodation, stores, etc., are established.

WETASKIWIN is the largest town between Edmonton and Calgary, and possesses some good stores, hotels, etc. It is the market for the Beaver Lake settlements.

LACOMBE is 20 miles north of Red Deer in the centre of a good farming country.

RED DEER is on the river of the same name half way between Calgary and Edmonton, and is one of the most progressive places in the district.

INNISFAIL is a prettily situated and prosperous town 76 miles north of Calgary, with several stores, hotels and a grist mill.

OLDS is a rising town 55 miles north of Calgary, around which there is a well settled country.

FORT SASKATCHEWAN, 20 miles east of Edmonton, is the headquarters for the Mounted Police in that district, and the distributing point for the Beaver Hill and Vermillion region.

MACLEOD, on the Old Man River, at the southern terminus of the Macleod and Edmonton Railway, is the chief centre of business for that section of country.

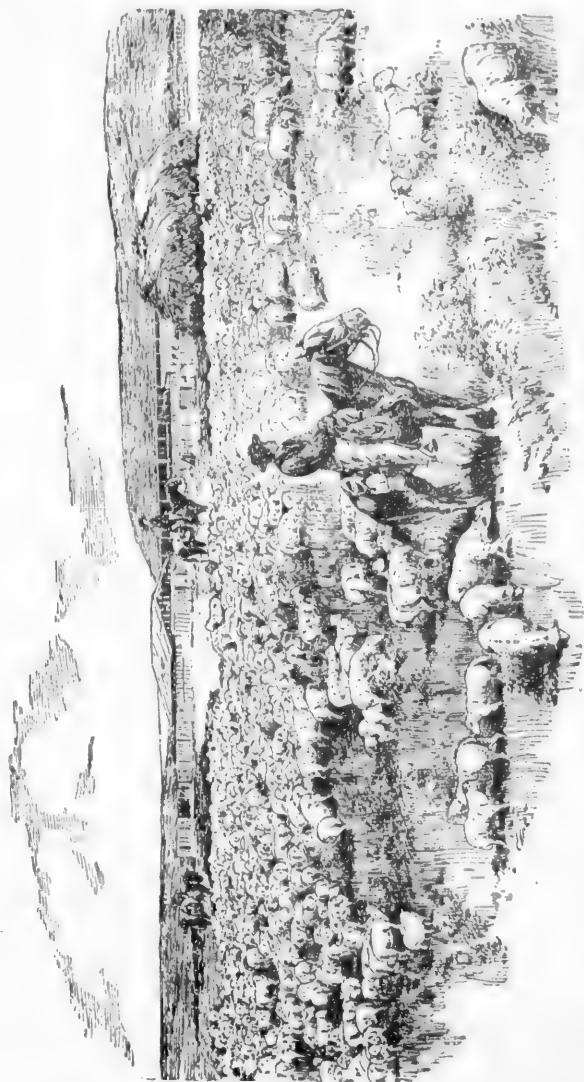

LETHBRIDGE, the terminus of the C. P. R. branch from Dunmore, on the line of the C. P. R., situated about thirty miles east of Macleod, is a progressive coal mining town doing a good business.

PINCHER CREEK, in the foothills of the Rockies, is the centre of an excellent stock country.

CARDSTON, on Lee's Creek, 15 miles from the boundary, is the centre of a well settled and prosperous district.

CLIMATE.

The climate of Northern Alberta is much like that of Manitoba, though not so cold in winter, and the winter is shorter. The Chinook

Sheep Ranching, Alberta.

wind reaches the Edmonton country to some extent and tempers the climate. No one finds fault with the winter, and no crops have ever

been touched with frost in that district. It is a mistake to suppose that snow is regarded with dislike by settlers, except in the great ranching districts. There is, however, a good deal of complaint on those rare occasions when the snowfall is very light; and the newcomer should not be anxious on the score of that which older hands all regard a benefit, facilitating as it does many operations for which there is hardly time in the summer.

In Southern Alberta the conditions are different. The action of the Chinook winds is more direct and stronger than in the north, with the result that the snowfall is much lighter and does not remain on the ground for any length of time. The country is mainly composed of extensive rolling prairie covered with the most nutritious grass, which, being self-cured in the fall of the year, affords food for cattle and horses during the winter. This endless supply of fodder, coupled with the comparative mildness of the climate, makes Southern Alberta a most valuable grazing country, and has led to the establishment of the ranches already mentioned.

HOW TO OBTAIN A RANCH.

If it is the intention to embark in the business of raising cattle, horses, or sheep, on a large scale, an extent of ground equal to the rancher's requirements can be obtained under lease from the Dominion Government on the following easy terms:

Settlers can obtain leases of public lands, not exceeding four sections (2,650 acres) in the vicinity of the settler's residence. The lease will be for a period not exceeding twenty-one years. The lessee will pay an annual rental of two cents an acre. The lessee must within three years place one head of cattle for every twenty acres of land covered by his lease; at least one-third the number of cattle stipulated for must be placed on the range within each of the three years from the date of the order in council granting the lease. Whether he be a lessee or not, no person will be allowed to place sheep upon lands in Manitoba and the North-west without permission from the Minister of the Interior. Leases of grazing lands to other than settlers, or in larger quantities than that specified above, are granted only after public competition. Full particulars can be obtained on application to the Minister of the Interior, Ottawa.

Maps showing the lands now under lease can be seen at the Land Commissioner's Office, in Winnipeg. Maps can be secured there free

of cost, showing the lands open for sale in the ranching districts and their prices.

Capitalists coming to this country and wishing to engage in this business will find millions of acres of unoccupied meadow lands, possessing every attraction and advantage, from which to choose a location.

CATTLE RAISING.

There are countless herds of fat cattle on the ranges of Southern Alberta, which at any season are neither fed nor sheltered; cattle, too, which in point of breeding, size and general condition are equal, if not superior, to any range cattle in the world. Shorthorns, Herefords, and Angus bulls have been imported at great expense; but the interest on the outlay is both satisfactory and encouraging, and the young cattle of the Alberta ranges would compare favourably with the barnyard cattle of Great Britain. In Northern Alberta this branch is but in its infancy, but is developing rapidly. The local market annually consumes from eighteen to twenty thousand beeves, with a growing demand, while the great market of the world is within easy access. The number shipped for England is annually increasing.

HORSE RAISING.

In breeding horses, Alberta occupies a somewhat similar position to Canada that Kentucky does to the United States. Owing to the high altitude, dry and invigorating atmosphere, short and mild winters, and its nutritious grasses and inexhaustible supply of clear cold water, it is pre-eminently adapted for breeding horses, and the Alberta animal has already become noted for endurance, lung power, and perfect freedom from hereditary or other diseases. There are in Alberta several grades of horses, varying in point of quality from the hardy Indian pony (Cayuse) to the beautiful, well formed thoroughbred. Thoroughbreds from Great Britain and Kentucky, Clydesdales from Scotland, Percherons from France, and trotting stock from the United States, have been imported at great expense and the result is that the young horse of Alberta will compare with any in Canada.

SHEEP.

For sheep, there are millions of acres of rich grass lands, well watered and adapted in every way for producing first-class mutton and fine wool, where cold rains and dust storms, so injurious to the fleece,

are almost unknown. There is a railway running through the centre of the grazing lands and markets for mutton and wool are within

Cattle Ranching, Alberta.

reach. The clear, dry, bracing air of the country suits sheep, which suffer from little or no disease. Sheep mature early, owing to the

fine quality of the grass. To winter them safely, good, warm, roomy sheds, plenty of hay (10 tons to the 100 head), and attention is all that is wanted.

During the last six years many thousand cattle, sheep and horses have been raised in the southern half of Alberta on the rich grasses, without any feeding or shelter other than the shelter found along the hillsides or in clumps of trees. The cattle and sheep when taken off the pasture are fat and fit for any butcher's shop in the world, and the horses are rolling fat.

MINERALS.

Alberta possesses untold wealth in her immense mineral deposits. For years past gold in paying quantities has been found on the banks and bars of the North and South Saskatchewan River. Gold colours are found in many streams and rivers in Alberta. Large veins of galena have been located which are pronounced by experts to contain a large percentage of silver. Capital alone is wanting to make them treasuries of wealth to the country. Copper ore in enormous quantities has also been found, said to contain 60 per cent of pure copper. Iron ore has been discovered in various parts of Alberta. A forty-foot seam of hematite iron, said to contain 67 per cent of iron, exists at the base of Storm Mountain quite close to the Canadian Pacific Railway line, and other large seams exist in the Macleod district, in the vicinity of Crow's Nest Pass.

As to the quantity of the coal deposits of Alberta, it is impossible to form any estimate. The coal mines already discovered are of sufficient extent to supply Canada with fuel for centuries. At Lethbridge one and a half million dollars have been already expended in developing the coal mines of one company. At Anthracite, over one hundred thousand dollars have been expended in opening up the hard coal deposits of that vicinity. Semi-anthracite coal has been discovered at Fox bud, anthracite near Canmore, and there are vast bituminous deposits in Crow's Nest Pass in the southern district, and at Edmonton and other districts in the north.

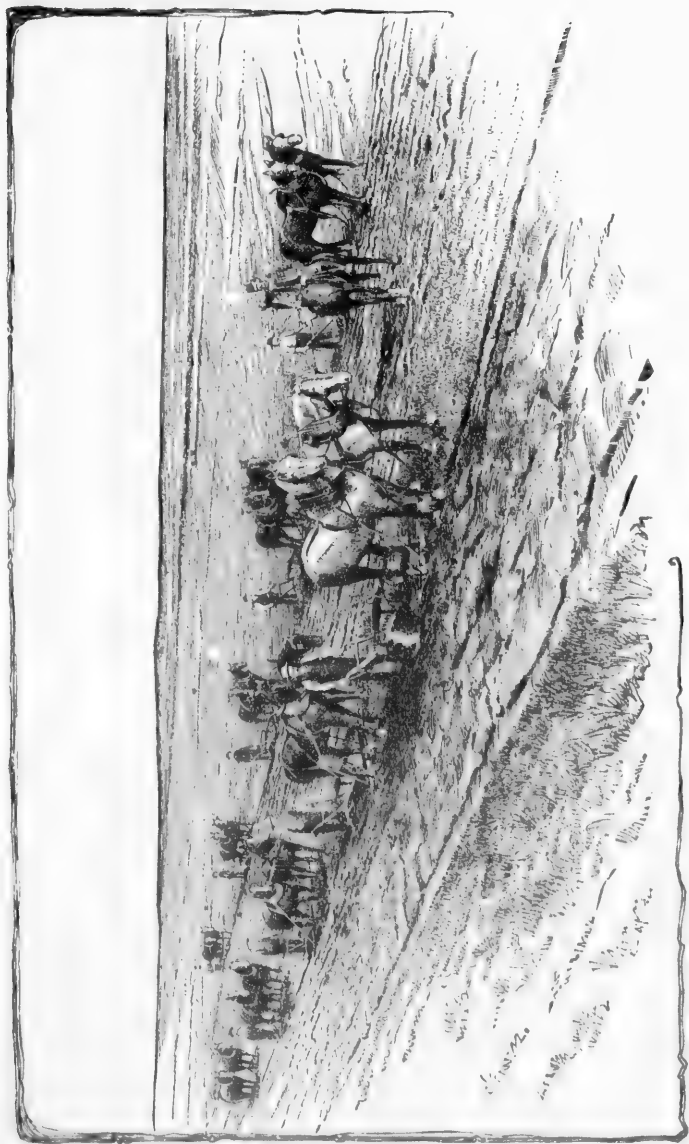

Soft coal is so plentiful that the certainty of a cheap fuel supply is assured to Albertans for all time to come.

An Intelligence Bureau will be found near the Main Building on the Exhibition Grounds. No fees of any description are required for such service.

PRIZE LIST.

LIVE STOCK DEPARTMENT.

HORSES.

1. Stalls will be allotted in the order in which entries are received.
 2. All stall doors must be left open, so that visitors can inspect the horses between the hours of 9 a. m. and 12 noon, and 1 p. m. to 6 p. m. All stalls must be cleaned out before 7 a. m., so that refuse can be cleared away before the arrival of visitors.
 3. All animals competing for prizes must be entered in the names of their bona fide owners, or their duly authorized agents, should doubts arise, the Judges may require affidavits of ownership from the exhibitor, and evidence of age if required.
 4. No horses will be allowed to enter or compete in more than one class or section [except for special prizes, or for prizes for speeding in the horse ring.]
 5. Horses must be shown uncovered, and in such a manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out. In the roadster and carriage classes, exhibitors should be prepared to show their horses in harness if required.
 6. All horses competing must be brought out for the inspection of the Judges, or for exhibition, whenever called out by the official appointed to attend to that duty.
 7. Non-compliance with any of the rules on the part of any exhibitor or his employee, shall mean the forfeiture of any premium awarded.
 8. Exhibitors who may desire to take their horses from the grounds at night will be allowed to do so on depositing \$5 with the Secretary as a guarantee for the return of the animal next morning. If the horse is not returned by 10 o'clock next morning, the amount deposited will be forfeited to the Association.
 9. A copy of the certificate showing registration in one of the stud books named, signed by the Secretary of the Association publishing the same must be produced if required by the Judges. The registration number of animal and name of stud book must be given with all entries.
 10. The age of horses shall date from the 1st January.
- ENTRY FEES.**—Stallions three years old or over, \$1.00 each; all other horses over one year, 50c. each; all other horses one year and under, 25c. each.

Class 1—Clydesdales.

Certificates of registration in Clydesdale Stud Book of Canada, (appendix excepted) or in the Clydesdale Stud Book of Great Britain and Ireland, or the American Clydesdale Stud Book, must be produced in this class.

Sec.	1st.	2nd.	3rd.
1 Stallion, four years or over.....	\$32	\$20	\$8
2 Stallion, three years old.....	28	16	6
3 Stallion, two years old.....	16	8	5
4 Yearling Stallion.....	12	5	3
5 Brood Mare with foal by side, or proof of having produced a foal this year.....	28	16	6
6 Three year old Filly.....	16	8	5
7 Two year old Filly.....	13	6	4
8 Yearling Filly.....	10	5	3
9 Foal.....	7	4	2

Class 2—Shires.

Certificates of registration in the Canadian Shire Horse Stud Book, English Shire Horse Stud Book, or American Shire Horse Stud Book, must be produced in this class.

Sec.	1st.	2nd.	3rd.
1 Stallion, four years or over.....	\$32	\$20	\$8
2 Stallion, three years old.....	28	16	6
3 Stallion, two years old.....	16	8	5
4 Yearling Stallion.....	12	5	3
5 Brood Mare with foal by side, or proof of having produced a foal this year.....	28	16	6

7 Two year old Filly.....	13	6	4
8 Yearling Filly.....	10	5	3
9 Foal.....	7	4	2

Class 3—Percherons.

Certificates of registration in Percheron Stud Book of America, or in Percheron Stud Book of France, must be produced in this class.

Sec.	1st.	2nd.
1 Stallion, three years and over.....	\$20	\$12
2 Stallion, three years old.....	16	8
3 Yearling Stallion.....	8	4
4 Brood Mare with foal by side, or proof of having produced a foal this year.....	14	7
5 Three year old Filly.....	8	4
6 Two year old Filly.....	6	4
7 Yearling Filly.....	6	3
8 Foal.....	5	2

Class 4—Draught and Agricultural Horses.

Sec.	1st.	2nd.	3rd.
1 Brood Mare, 1350 lbs. or over, with foal by side, or proof of having produced a foal this year.....	20	10	5
2 Brood Mare, under 1350 lbs. with foal by side, or proof of having produced a foal this year.....	20	10	5
3 Three year old Gelding or Filly.....	20	10	5
4 Two year old Gelding or Filly.....	12	8	5
5 Yearling Gelding or Filly.....	10	5	3
6 Foal.....	6	4	2
7 Team (Geldings or Mares) in harness, 2800 lbs. or over.....	28	16	8
8 Team (Geldings or Mares) in harness, under 2800 lbs.....	28	16	8
9 Stallion (any age) open only to North-west Territories.....	20	10	5
10 Two year old Gelding or Filly, open only to North-west Territories.....	12	8	5
11 Yearling Gelding or Filly, open only to North-west Territories.....	10	5	3
12 Sweepstakes, Stallion and three Mares.....	Diploma.		

OFFICIAL PRIZE LIST.

49

Class 5.—Standard Bred Horses.

All entries in this class must be registered in American Trotting Register.

SEC.	1st.	2nd.	3rd.
1 Stallion, four years or over.....	\$35	\$20	\$10
2 Stallion, three years old.....	30	20	10
3 Stallion, two years old.....	16	10	5
4 Yearling Stallion.....	12	7	4
5 Brood Mare with foal by side, or proof of having produced foal this year.....	30	20	10
6 Three year old Gelding or Filly.....	16	10	6
7 Two year old Gelding or Filly.....	14	8	5
8 Yearling Gelding or Filly.....	10	6	4
9 Foal.....	8	4	2

Class 6.—Roadsters.

No animal used for racing purposes during 1895 is eligible in this class.

SEC.	1st.	2nd.	3rd.
1 Brood Mare with foal by side, or proof of having produced a foal this year.....	\$14	\$8	\$6
2 Three year old Gelding or Filly.....	12	6	4
3 Two year old Gelding or Filly.....	10	5	3
4 Yearling Gelding or Filly.....	7	4	2
5 Foal.....	6	3	2
6 Pair (Geldings or Mares) in harness.....	25	12	8
7 Single (Gelding or Mare) in harness.....	16	10	6

Class 7.—Carriage Horses.

Certificates of registration for Stallions in some recognized Stud Book of pure bred horses must be produced.

SEC.	1st.	2nd.	3rd.
1 Stallion, four years or over, and 15 hands and over.....	\$30	\$20	\$10
2 Stallion, three years old.....	20	12	7
3 Stallion, two years old.....	16	10	6
4 Yearling Stallion.....	10	6	4
5 Brood Mare with foal by side, or proof of having produced a foal this year.....	16	10	6
6 Three year old Gelding or Filly.....	12	7	3
7 Two year old Gelding or Filly.....	10	6	3
8 Yearling Gelding or Filly.....	8	4	3
9 Foal.....	6	3	2
10 Pair of Matched Geldings or Mares in Harness, 16 hands or over.....	20	10	6
11 Gelding or Mare in Harness, 16 hands and over.....	16	10	5
12 Tandem Team and turn-out, either two or four wheeled dog cart, the whole must be the property of the exhibitor.....	20	10	

Class 8.—Carriage Horses.

Certificates of registration for Stallions in some recognized Stud Book of pure bred horses must be produced.

(This Competition open only to the North-west Territories.)

SEC.	1st.	2nd.	3rd.
1 Stallion, four years or over and 15 hands and over.....	\$28	\$16	\$6
2 Stallion, three years old.....	20	12	7
3 Stallion, two years old.....	16	8	5
4 Yearling Stallion.....	12	5	3
5 Brood Mare with foal by side, or proof of having produced a foal this year.....	16	8	5
6 Team of horses.....	28	16	6

Class 9—Hackneys.

Certificates of registration must be produced.

SEC.	1st.	2nd.
1 Stallion, four years old or over.....	\$25	\$15
2 Stallion, three year old.....	16	10
3 Stallion, two year old.....	16	10
4 Yearling Stallion.....	10	6
5 Brood Mare with foal by side, or proof of having produced a foal this year.....	16	10
6 Three year old Filly.....	10	6
7 Two year old Filly.....	8	5
8 One year old Filly.....	7	4
9 Foal.....	6	3

Class 10—Thoroughbreds.

Certificates of registration in General Stud Book of Great Britain, American Stud Book, or Stud Book of France, must be produced in this class.

SEC.	1st.	2nd.
1 Stallion, four years old or over.....	\$30	\$20
2 Stallion, three year old.....	16	10
3 Two year old Stallion.....	16	10
4 Yearling Stallion.....	10	5
5 Brood Mare with foal by side, or proof of having produced a foal this year.....	16	10
6 Three year old Filly.....	10	6
7 Two year old Filly.....	8	5
8 One year old Filly.....	7	4
9 Foal.....	6	3
10 For best group, comprising two year old Colt or Filly, Yearling and Foal, sired by any prize winning horse in classes 1, 2, 5, 7, 8 or 9, owned and used in the North-west Territories.....	25	15

Class 12—Saddle Horses.

SEC.	1st.	2nd.	3rd.
1 Saddle Horse, mare or gelding, 15 hands or over.....	\$12	\$8	\$6
2 Saddle Horse, mare or gelding, under 15 hands.....	12	8	6
3 Ladies' Saddle Horse, ridden by a lady.....	12	8	6
4 Special by North-west Mounted Police Department for Gelding, bred and owned in the North-west Territories, 15 hands to 15 hands 3 inches.....	50	25	

Horses winning prizes to become the property of the North-west Mounted Police at the price of \$125.00 each, exclusive of prize money.

Class 13—Ponies

SEC.	1st.	2nd.
1 Pair, in harness, 12 hands and over.....	\$10	\$6
2 Pony, in harness, 12 hands and over.....	6	4
3 Saddle Pony, 12 hands and over.....	6	4
4 Pair Ponies, under 12 hands.....	6	4
5 Pony in harness, under 12 hands.....	5	2
6 Saddle Pony, under 12 hands.....	5	2

Class 14—Polo Ponies.

SEC.	1st.	2nd.
1 Team of Polo Ponies, (competing in polo games).....	\$10	\$5
2 Polo Pony, (competing in polo games).....	6	3
3 Pair Mules.....	10	5

OFFICIAL PRIZE LIST.

51

CATTLE.

The ages of cattle will be calculated to 1st August, 1895.

Cows must be giving milk at the time of the Exhibition, or show signs of being well gone in calf, or have raised one this year.

No animals may compete in more than one class or section, except for the herd prizes in the class to which they belong, and any special prizes offered. This shall not apply to animals entered in Sec. 6 and 14 of Class 14. No entry will be charged for herds, but animals competing in herds must have competed in some other section of the class.

All animals will be shown in the rings, and exhibitors must be ready to bring them out when called for.

Entry fees—Bulls, three years old and upwards, 50c. each; other cattle over one year, 25c. each.

Class 15.—Shorthorns.

Certificates of registration in Dominion Shorthorn Herd Book, Coates' Herd Book, or American Shorthorn Herd Book, will be required in this class.

Sec.	1st.	2nd.	3rd.
1 Bull, four years or over.....	\$30	\$18	\$8
2 Bull, three years.....	30	18	8
3 Bull, two years.....	25	12	8
4 Bull, one year.....	16	10	6
5 Bull Calf, under one year.....	15	8	5
6 Bull, bred in North-west Territories or Manitoba (any age).....	10	6	
7 Bull, any age.....	Diploma		
8 Cow, four years or over.....	25	12	8
9 Cow, three years.....	23	10	7
10 Heifer, two years.....	12	8	4
11 Heifer, one year.....	12	8	4
12 Heifer Calf, under one year.....	10	6	3
13 Herd, bull and three females over one year, owned by one exhibitor.....	22	10	
14 Two females, bred in the North-west Territories or Manitoba prior to 1895.....	10	6	

Class 16.—Shorthorns.

(Open only to the North-west Territories.)

Sec.	1st.	2nd.	3rd.
1 Registered Bull, owned and used in the North-west Territories.....	\$25	\$15	
2 Herd, consisting of bull and three females.....	22	10	
3 Two females.....	10	6	
4 Cow.....	25	12	\$8

Class 17.—Polled Angus.

Certificates of registration in Dominion Polled Angus Herd Book, Polled Herd Book of Aberdeen Angus or the American Aberdeen Angus Herd Book, will be required in this class.

Sec.	1st.	2nd.
1 Bull, three years or over.....	\$25	\$15
2 Bull, two years.....	25	15
3 Bull, one year.....	16	10
4 Bull Calf.....	10	6
5 Bull, any age.....	Diploma.	
6 Cow, four years or over.....	16	10
7 Cow, three years.....	16	10
8 Heifer, two years.....	10	6
9 Heifer, one year.....	8	5
10 Heifer Calf.....	7	4
11 Herd, of bull and three females over one year, owned by one exhibitor.....	22	

Class 18 -Polled Angus.

(Open only to the North-west Territories.)

SEC.	1st.	2nd.
1 Registered Bull, owned and used in the North-west Territories	\$25	\$15
2 Herd consisting of bull and three females	22	10
3 Two females.....	10	6
4 Cow.....	25	12

Class 19—Galloways.

Certificate of registration in Galloway Herd Book of Scotland or American Galloway Herd Book will be required in this class.

SEC.	1st.	2nd.
1 Bull, three years or over.....	\$25	\$15
2 Bull, two years.....	25	15
3 Bull, one year	16	10
4 Bull Calf.....	10	6
5 Bull, any age.....	Diploma.	
6 Cow, four years or over.....	16	10
7 Cow, three years.....	16	10
8 Heifer, two years.....	10	6
9 Heifer, one year	8	5
10 Heifer Calf, under one year	7	4
11 Herd, consisting of bull and three females over one year and owned by one exhibitor	22	

Class 20—Galloways.

(Open only to the North-west Territories.)

SEC.	1st.	2nd.
1 Registered Bull, owned and used in the North-west Territories.....	\$25	\$15
2 Herd, consisting of bull and three females.....	22	10
3 Two females.....	10	6
4 Cow.....	25	12

Class 21—Herefords.

Certificates of registration in Canadian Hereford Herd Book, English Herd Book of Hereford Cattle or American Hereford Record, will be required in this class.

SEC.	1st.	2nd.
1 Bull, three years or over.....	\$25	\$15
2 Bull, two years.....	25	15
3 Bull, one year	16	10

POULTRY.

In making entries, exhibitors must be careful to state in which class they are to be entered, whether as fowls or chickens.

All specimens, except games and game bantams, must be exhibited in their natural condition.

The card of the Exhibition will be placed upon each coop, cage or specimen, giving the number and variety of the exhibit; but no other card will be allowed on any coop, cage or specimen, until the judges have completed their awards.

Coops, except in the ornamental class, will be provided, and the poultry fed and taken care of at the expense of the Association.

Entries for breeding pens must be separate birds from those exhibited in other sections.

Entry fee 20c. per pair.

DAIRY PRODUCTS.

Class 74.

Entry Fee - For each section, 25 cents.

An owner of more than one creamery or cheese factory may make a separate entry in any section for each of his creameries or cheese factories, the entry to be made in the joint names of the owner and maker in each case, but only one entry to be allowed to each maker in one section.

Cheese.

Cheese that has been cut, bored or tried in any way will not be admitted for exhibition.

Cheese will be judged on the following points: The figures set after each indicating the maximum per cent., the total of all such maximums being 100: flavour, 45; texture, 20; colour, 15; salting 10; make up, 10.

One of each set of prize cheeses will be cut to properly show it to visitors.

SEC.		1st.	2nd.	3rd.
1	Cheese, three factory (coloured) from 50 to 60 lbs. each made in 1895.....	\$42	\$35 00	\$20
2	Cheese, three factory (white) from 50 to 60 lbs. each made in 1895.....	42	35 00	20
3	Cheese, three, Stilton, made not previous to 1894.....	14	7 00	
4	Home-made Sweet Milk Cheese.....	8	4 50	
5	Home-made Cream Cheese (fresh) for immediate use.....	8	4 50	

Butter.

Farmers making butter under the centrifugal plan cannot enter it in sections 8, 9, 10, 13 or 14.

Butter will be judged on the following points: The figures set after each indicating the maximum per cent., the total of all such maximums being 100; flavour, 45; grain, 25; colour, 15; salting, 10; packing, 5. The general standard of colour will be "June Grass Butter."

Sec.	1st.	2nd.	3rd.	4th.

OGILVIE'S FLOUR.

THE NAME "OGILVIE" is its own guarantee of quality. These brands of flour are WARRANTED, and command the highest price in all markets by reason of their superior "strength" and "purity." The fact of other brands being represented to you as made exclusively from the choicest selected wheat, and offered at less money, is no guarantee of their merit in comparison with OGILVIE'S FLOUR. Many of the so-called and inferior brands of Patent Flour on the market to-day are made from the best wheat, but the product mutilated and killed in the process of manufacture. The fact of building a mill, putting in the best machinery, and grinding only the best wheat is no guarantee of quality.

Ogilvie's Flour

stands pre-eminently alone in its distinctive and superior quality.

To Regina and her Visitors,—Greeting :

There are Carriages, and Carriages. There is the superior as well as the inferior article, and those who "don't know" sometimes pay as much for the latter as they do for the former. We sell the best grades only, and rely upon the excellent reputation which our goods enjoy.

Similarly, there are Windmills, and Windmills. There are lots of things we would like to tell you about the Chicago Aermotor; its simplicity, its utility, its durability, and its many points of excellence denied to other mills, but space forbids. "He who laughs last, laughs best," but he who early purchases an Aermotor smiles forever and a day. We also carry many pumps for many minds, and for many purposes.

Our goods are handled by the Agents of the Massey-Harris Company, and it will afford us much pleasure to furnish you with any information you may require.

ROSS & MAW, Market Square, Winnipeg, Man.

SEEDS

THE most reliable for this country to be had at home. Buy Perkins Seeds once and you will always want them. Don't fail to see the display of Seeds at the North-west Industrial Exhibition, and leave your name for next season's Catalogue. For fresh clean Bird Seed, and everything pertaining to the comfort and health of your pets, send to

J. M. PERKINS,
241 Main Street, Winnipeg.
